

KC-930EUW

Air purifier/humidifier with Plasmacluster ion technology

Air Purifier with high-density Plasmacluster technology, Humidification function and Airflow Circulation for home use. This appliance is recommended for a floor area of approx. 21 m².

Features

- Suitable for rooms up to approx. 21m²
- Humidifier and purifier with odor sensor
- Dual air-purifying via ion air purifying and HEPA filter
- Renders airborne bacteria, viruses, fungi and dust mites innocuous
- Humidification capacity 350ml / h

Air Cleaning Programmes

A special programme that when used will rid the room of allergens like dust and pollen for those of a more sensitive nature.

Peace And Quiet

Due to the low sound levels in combination with a display that can be switched off, Sharp air purifiers are perfect for use in the bedroom, which provides clean air throughout the night while letting you sleep peacefully.

Plasmacluster®

Plasmacluster Ion System

Sharp's smart, patented system helps remove bad odours, allergens, bacteria, 99% of viruses and even dust mites in the air to penetrate the whole room including behind furniture and make sure your house always has a breath of fresh air.

Sensor Technology

By accurately measuring humidity, dust, smell and temperature in a room Sharp air purifiers keep the air clean by adjusting automatically.

Key features

Applicable floor space (without humidifying) m ²	21
Inverter operation	No
Colour	No
Air purification system	High-density PCI generator and fan
Humidifying (mist) function	No
Max airflow capacity without humidifying (m ³ /hour)	180

Plasmacluster ion modes	Yes
Fan speeds	3 (Max/Med/Silent) Auto
Adjustable louvres	No
Timer	No
Noise level in cleaning mode high / mid / low	48/39/22

Dimensions and weight

Weight (kg)	6.1
-------------	-----

Measures (W x D x H) in mm	375x205x535
